## FCBD Teacher?

We are building a network of studios around the world. Our goal is for dancers to receive the same quality of instruction no matter where they take a FatChanceBelly-Dance class:

- Limited to those who *desire to* teach and perform *only* the FCBD format.
- 15 additional hours of instruction on how to teach the FCBD curriculum.
- After taking *General Skills for ATS* in person with Carolena, the balance of hours can be done via DVD consultation if necessary.
- Upon completion of the course you will be included in the *FCBD Teacher* listing.
- You will have unlimited access to Carolena for questions.
- You will be invited to join the *FCBD Teacher* discussion forum.
- If you create a new step you are invited to "defend your thesis" by presenting it for possible inclusion into our repertoire and share it with all of the *FCBD Teachers*. However, steps developed and used by other teachers and performers will not be considered due to exclusivity rights.
- Contact Carolena about cost of this course.
